

THE CRIMSON HARBOR  
How dare you hold a gun against a  
child's head!

She punches him in the face and throws him to the back of  
the car.

THE CRIMSON HARBOR  
We don't do that here in the city  
of Monoceros. You can ask any other  
villain. Children are off limits.

ETHEREAL GLOOM  
I'm a bad guy. I don't adhere to  
stupid rules. You should know that!

Sabrina runs up to stand next to Crimson Harbor.

SABRINA  
It's not very nice to hit people,  
you big meanie!

Sabrina runs up to the Ethereal Gloom and starts punching  
him. Mom runs over and tries to pull Sabrina back.

SABRINA  
I'm not done fighting the bad guys!

MOM  
Let Crimson Harbor take care of  
him, honey.

Crimson Harbor smiles with tears in her eyes as she grabs  
Ethereal Gloom and punches him repeatedly in the face and  
bashes him into a corner of the car. Suddenly a bunch of  
beeps are heard.

THE CRIMSON HARBOR  
What is that?

ETHEREAL GLOOM  
The sound of a bunch of bombs about  
to go off in ten seconds. What are  
you going to do, hero?

She talks into her walkie.

THE CRIMSON HARBOR  
I need back up. I repeat, I need  
IMMEDIATE backup!

She grabs the elderly first as Sabrina watches her hero in  
awe. She takes her doll back from Shilo and hugs it. Both  
parents are panicking.
